

Damon Burton

Aspiring engineer with real-world project experience, proficient with Onshape CAD, Arduino, sensors, and mechatronics. Seeking a Work-Learn position to gain experience in research by supporting labs. Has strong academics despite being an incoming first-year, having completed university-level calculus, mechanics, and computer science courses

Vancouver, BC, Canada
+1 (778) 238 0882

Technical Skills

CAD

- Onshape
- 3D Printing (Bambu P1S)
- KiCAD 9
 - Schematic Design
 - PCB Design
- Mechanical Design

Hardware

- Arduino
- THT Soldering
- Basic Power Electronics
 - XL6009 Buck Boost
 - Solar Panels
- Motors (Stepper & DC with H-Bridge)

Sensors & Communication

- 12C
 - DS3231 RTC
 - SSD1306 OLED
- Temperature Sensors
 - DHT11 & DS18B20
- 4 Digit 7 Segment Display

PROJECTS

Smart Pill Dispenser — *Personal Project, February 2026 - June 2026*

- Independently designed, built, & tested fully autonomous smart pill dispenser
- Controlled by an arduino uno and DS3231 RTC module
- Releases pills at a selected time then beeps until the pill is removed.
- Made all parts, including custom enclosure, in Onshape

Solar Oven — *Personal Project, August 2025 & July 2026*

- Created a passive solar oven by layering insulative materials with a clear top
- Used arduino nano and 7 segment display to show data from a thermal probe
- Designed custom PCB for the project, currently in production

Pole Climbing Bot — *High School Competition Project, Feb 2026*

- Led school's team for a prebuild project in UBC's 2026 Physics Olympics.
- Designed autonomous robot to climb up and down a pipe with a 170g phone
- Used DC motor controlled by arduino UNO and L293D H-Bridge IC
- 3d designed and printed mechanical adapter & gears to increase torque

EXPERIENCE

Mark Anthony Group, Vancouver, BC — *IT Service Desk Co-op (Full-Time)*

JULY 2026 - PRESENT

- Consistently worked full time for the summer, 8:30 am to 5pm
- Provided technical support, resolving & Closing 309 tickets in 2 weeks
- Updated database using excel, repairing status of over 100 retired devices.

Stong's Market, Vancouver, BC — *Grocery Clerk (Part-Time)*

JUNE 2026 - JULY 2026

- Delivered friendly service to customers in a crowded environment.
- Handled stocking new arrivals, backstock, and cardboard waste.
- Arrived on time to opening, closing, and mid-day shifts 3 days a week.

AWARDS

AP Scholar with Distinction

Achieved the highest possible score of 5 on Physics C Mechanics, Physics C E&M, Calculus BC, Chemistry, English Literature, Computer Science A, and Statistics across grade 11 and 12.

Physics C Mechanics Book Award

Awarded to the student with the highest AP Physics C Mechanics grade in the school

UBC Physics Olympics

Achieved first place in the buoyancy lab event at UBC's 2026 physics olympics

EDUCATION

University of British Columbia *Bachelor of Applied Science (BASc)*

SEPTEMBER 2026 - JUNE 2030

Incoming First-Year Applied Science Student. Intending to specialize in Engineering Physics (ENPH)

West Point Grey Academy *Dogwood High School Diploma*

SEPTEMBER 2021 - JUNE 2026

97% GPA. Member of Band, MUN, Rock Climbing, Cross-Country. Founded school's Engineering Club.
